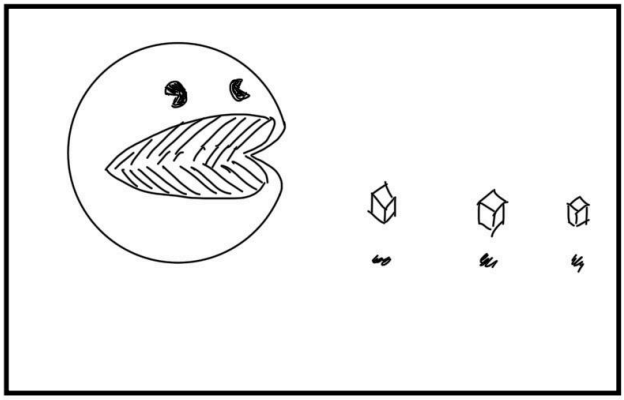
CS3242 3D Modeling and Animation

Assignment: Short Animation (Storyboard)

Alicia Chang Chuo Ran
Bian Sihan
Chen Hongshan
Lee Seung-Yoon

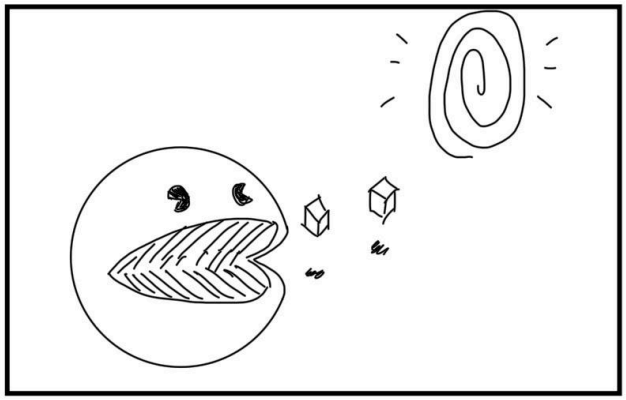
Scene 1: Pacman in the void

1.1



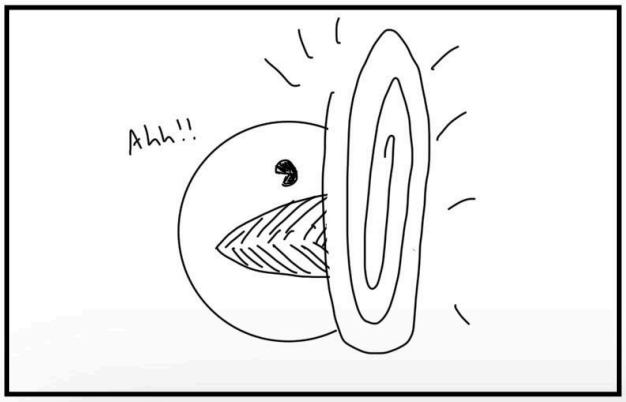
In the void, a hungry pacman finds some cubes. He decides to eat them.

1.2



As he eats up the first cube, something strange happens. A dazzling halo of light appears.

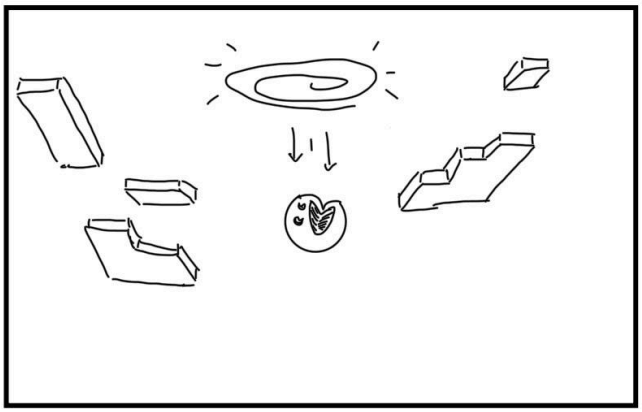
1.3



It is as if the halo has some kind of pulling force - before the packman can even react, he is sucked straight into it.

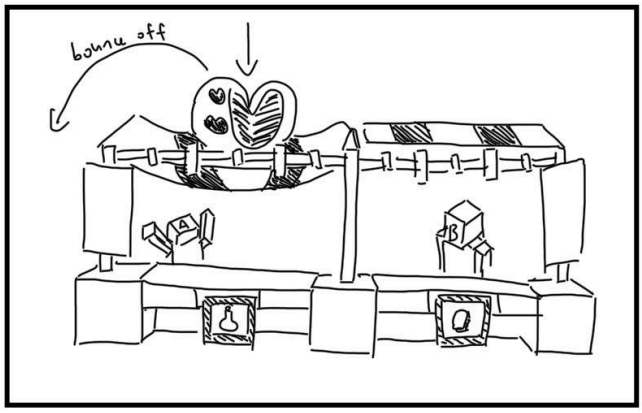
Scene 2: Pacman falls into Minecraft world

2.1



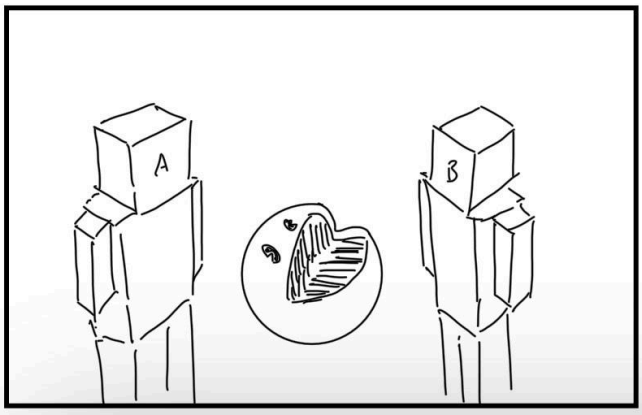
Pac-Man falls out from the other end of the portal, and finds himself transported to a Minecraft world.

2.2



He falls into a Minecraft village, and crashes and bounces off of a canopy of a market stall.

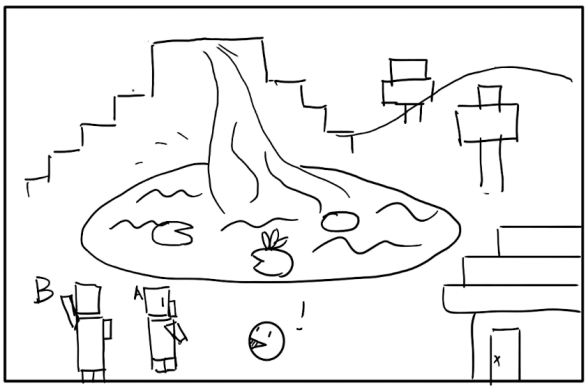
2.3



Owners of the stalls (A and B) realizes Pac-Man is not a local (from the shape) and decides to give a short tour of the surroundings for him.

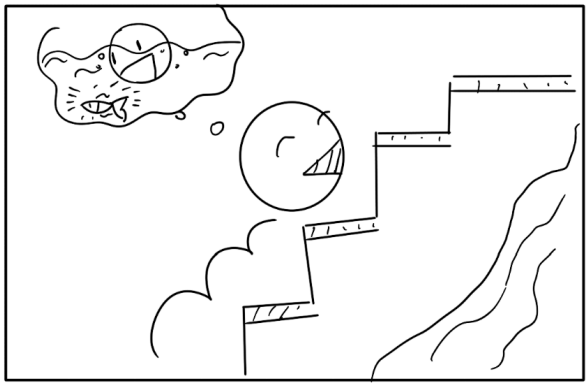
Scene 3: Pacman and Waterfall

3.1



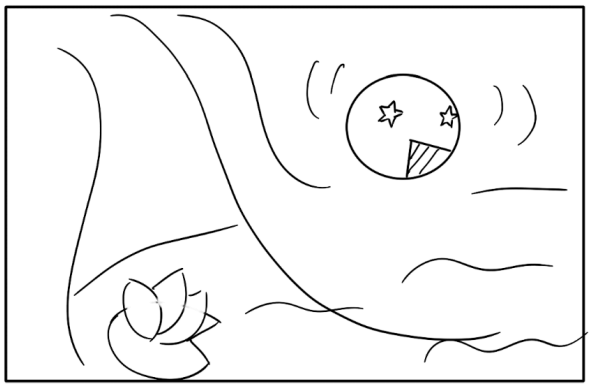
Kind villagers A and B decide to show packman around in MC world. They take him to a nearby waterfall.

3.2



Packman climbs to the top of the mountain, wanting to jump from the waterfall - that reminds him of happy old days when he swims and plays with little cute fishes.

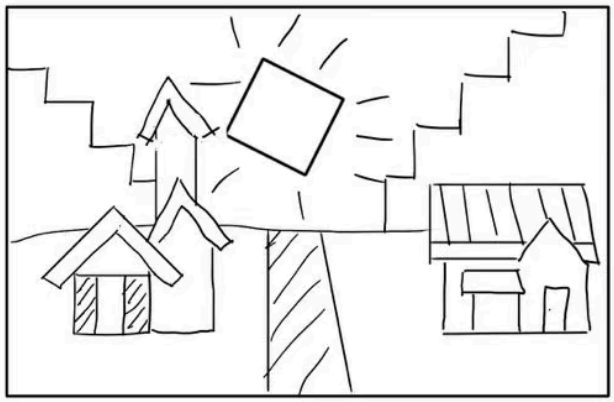
3.3



Packman jumps - and it feels so good!

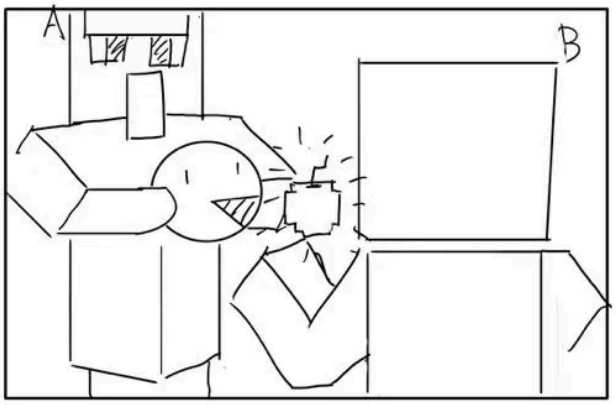
Scene 4: Pacman and Fireworks

4.1



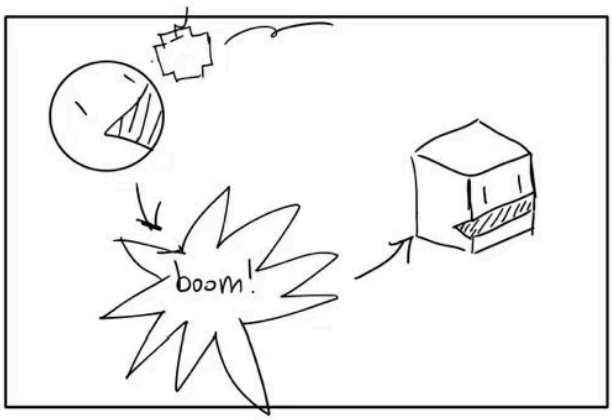
The sky gradually grew darker.

4.2



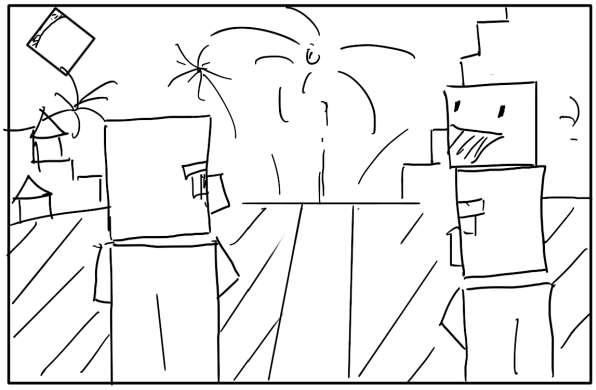
As the day ends and sun sets, the villagers A and B offers Pac-Man a present (Apple/Golden Apple).

4.3



Upon eating Pac-Man turns into a block shaped version of himself with an explosion effect being present, signifying his acceptance and assimilation into the Minecraft society.

4.4



As if the celebrate the occasion, fireworks goes off in the distance (in the village that the Pac-Man came from)

End.
